118. PLANNING APPLICATIONS

(a) Members considered the following applications:-

17/6183N - land south of Newcastle Road, Blakelow

RESOLVED: That the following comments be submitted:-

Wybunbury Parish Council wishes to support the views of Shavington Parish Council in objecting and also comments as follows:-

Distance from amenities for disabled people is too far for reasonable access.

The road is too narrow to install a pedestrian refuge.

Highway safety concerns.

Inaccurate flood risk assessment.

The application should be revised to state 'up to seven bungalows' rather than 'seven bungalows'.

Car parking provisions are inadequate in that there is no indication at this stage of how many bedrooms there are in each dwelling, and this will dictate, to an extent, the number of car parking spaces required.

The site is in 'open countryside' and therefore not in an area where development is encouraged.

The site is far too large for any proposed development to be considered 'infill'

The land across the road is part of the Green Gap, as specified on the Local Plan, so designated to prevent urban sprawl joining Crewe to Nantwich. A development on the field in question would not support the idea of maintaining the Green Gap and could lead to 'string development' along the Newcastle Road.

18/0015N Red Lion Hotel, 5 Main Road, Wybunbury, Cheshire, CW5 7NA

RESOLVED: That the application be supported as the only alterations to are on the inside of the building and the letting bedrooms would provide more short term stay within the village which would encourage tourist trade.

(b) Development at 20/21 Tower View Wybunbury

Concerns were expressed at the development adjoining the School Playground and the possible dangers which this could present.

RESOLVED: That representations be made to Cheshire East Council setting out the following concerns:-

The boundary fence will adjoin the school but to date the school has not been advised what the fence will look like and whether if it will provide the type of security to the school and the noise barrier required for the residents when the children are out in the school yard.

The scaffolding is being erected at the moment to build the gable wall adjacent to the school and the Parish Council has been advised that no safety netting is being provided to the side of the scaffolding adjacent to the school playground.

As the scaffolding abuts the current school fence this could present a danger to the children and urgent action is necessary to ensure the safety of pupils and staff.

(c) 20 Bridge Street Wybunbury.

Members reported on the current advertising of this property as individual housing units (HMO). Concern was expressed at parking problems which this could present and the need for the appropriate legal requirements to be satisfied.

RESOLVED: That the matter be raised with Cheshire East Council.
